VASANTDADA PATIL PRATISHTHAN'S
COLLEGE OF ENGINEERING AND VISUAL ARTS
NAAC 'A' Grade Accredited, ISO 9001:2015 Certified Institute
Department of Information Technology
NBA Accredited (Dated 01/07/2024 to 30/06/2027)

MINI-PROJECT LOGBOOK

GROUP MEMBERS

1. PRATIK ATPADKAR (VU4F2526072)
2. HARSH TIWAR (VU4F2526066)
3. PARTH GADADHE (VU4F2526062)

Prof. Sonali Kharat
Mini Project Guide

Department of Information Technology
Vasantdada Patil Pratishthan's College of Engineering & Visual Arts, Sion-Mumbai 400022

University of Mumbai

(Academic Year 2025-26)

Vision

- To provide an environment to educate, encourage and explore students by facilitating innovative research, entrepreneurship, opportunities and employability to achieve social and professional goals.

Mission

- To foster entrepreneurship & strengthen industry institute interaction to enhance career opportunities for the employability of students
- To encourage collaborations with industries and academic institutes in terms of projects & internships by creating area for Research and Development
- To build up appropriate moral and ethical skills and to promote holistic development of students through various academic, technical, social and cultural activities

Department of Information Technology

Vision

- To impart quality education in the field of Information Technology to meet the challenging needs of the society and industry.

Mission

- To provide quality education to students by including Problem Solving, Teamwork and Leadership Skills to achieve their goals in the field of Information Technology.
- To educate students for global development including entrepreneurship, employability and the ability to apply technology to real life problems.
- To develop skilled IT professionals with moral principles and empower them in lifelong learning.

Program Educational Objective (PEO)

- Graduates will be successful with sound foundation in engineering fundamentals, trending technologies and entrepreneurship.
- Graduates will be able to identify and solve real world problems.
- Graduates will become ingenious and responsible citizens by demonstrating ethics with nurtured professional attitude

Program Specific Outcomes (PSO)

- Develop efficient IT based solutions by applying and integrating various domains like Artificial Intelligence, IoT, Computer Networks and Security to solve real time problems.
- Apply technical knowledge in the field of Information Technology to achieve successful career and to pursue higher studies for future endeavors.

Department of Information Technology Program Outcomes (PO)

Engineering Graduates will be able to:

- **Basic Engineering Knowledge:** Students should be able to apply the fundamental knowledge in mathematics, science and engineering for solving problems in Information Technology.
- **Problem Analysis:** Students should be able to identify, analyze and interpret data to formulate, design, develop or research various solutions for complex engineering problems in the field of Information Technology.
- **Design / Development of Solution:** Students should be able to design solutions for benefit of the society.
- **Conduct Investigation of Complex problems:** The students should be able to provide solutions to complex problems that may have multiple solutions, may not be having specific constraints / requirements defined.
- **Modern Tool Usage:** Create, select, and apply appropriate techniques, and modern engineering and IT tools, including prediction and modeling to complex engineering activities, with an understating of the limitations.
- **The Engineer and Society:** Student should be able to apply the knowledge to assess social issues and the responsibilities relevant to engineering practices.
- **Environment and sustainability:** Students should be able to understand the impact of engineering solutions in social and environmental context and demonstrate the need of sustainable development.
- **Ethics:** Students should apply ethical principles while handling engineering practice.
- **Individual and Team Work:** Students should be able to function effectively as an individual or as a part of a team in multidisciplinary settings.
- **Communication:** Students should be able to communicate, comprehend and document effectively
- **Project Management and Finance:** Students should be able to demonstrate knowledge and understanding of the engineering and management principles and apply them effectively to manage projects.

- **Lifelong Learning:** The students should be able to select, design, integrate and administers IT based solutions into the organizational environment by enhancing their knowledge & skill sets.

STUDENT INFORMATION

Project Title: Campus Notify: Institutional Circular & Announcement Management System

Field	Student 1	Student 2	Student 3
Student ID	VU4F2526072	VU4F2526066	VU4F2526062
Name	**PRATIK ATPADKAR**	**HARSH TIWAR**	**PARTH GADADHE**
Class with Division	SE(IT) DIV :- A BATCH :- C	SE(IT) DIV :- A BATCH :- C	SE(IT) DIV :- A BATCH :- C
Contact No.	7218680925	9168494412	8180054760
E-mail	vu4f2526072@pvppcoe.ac.in	vu4f2526066@pvppcoe.ac.in	vu4f2526062@pvppcoe.ac.in
Address	VPPCOE & VA, Sion, Mumbai - 400022	VPPCOE & VA, Sion, Mumbai - 400022	VPPCOE & VA, Sion, Mumbai - 400022

INSTRUCTIONS TO STUDENTS:

1. The logbook must be submitted to the Guide or Co-Guide for verification and evaluation of project activities at least once in week.

2. Log book duly signed by guide must be submitted with project report for evaluation at the end of semester to the department.

DECLARATION

I declare that this project represents my ideas in my own words without plagiarism and wherever others' ideas or words have been included, I have adequately cited and referenced the original sources. I also declare that I have adhered to all principles of academic honesty and integrity and have not misrepresented or fabricated or falsified any idea/data/fact/source in my project work. I promise to maintain minimum 75% attendance, as per the University of Mumbai norms. I understand that any violation of the above will be cause for disciplinary action by the Institute.

Yours Faithfully

2. _____ (HARSH TIWAR)

3. _____ (PARTH GADADHE)

(Date & Signature of Students)

LETTER OF ACCEPTANCE

I undersigned, Prof. **Sonali Kharat** working in Information Technology Department, willing to guide the project titled **Campus Notify: Institutional Circular & Announcement Management System** for the Mini Project – 1 A: Semester III respectively for the Academic Year 2025-26.

The names of the students are:

1. _____
2. _____
3. _____
4. _____

(Project Guide)	**(Mini-Project Coordinator)**	**(HOD-Information Technology)**

SCHEDULE FOR MINI PROJECT

Date	Week	Contents	Remark	Guide Sign
15/07/2025	1	Problem formulation, study of campus circular dissemination issues & feasibility check.	Approved topic	✓
22/07/2025	2	Requirement gathering, defining user personas (Admin, Faculty, Student) & drafting SRS.	Scope clarified	✓
29/07/2025	3	Architecture planning: Model-View-Controller (MVC) pattern & modular component breakdown.	Good architecture	✓
05/08/2025	4	UML Modeling: Class Diagrams, Use Case Diagrams & Data Flow Diagrams (Level 0 and 1).	UML verified	✓
12/08/2025	5	Entity Implementation: Coded User.java & Notification.java with strict encapsulation.	Clean code	✓
19/08/2025	6	Controller Logic: Implemented NotificationManager.java using Java Collections Framework.	Safe iteration	✓
26/08/2025	7	Persistence Layer: Added File I/O streams with delimited flat-file serialization logic.	Persistence ok	✓
02/09/2025	8	CLI Driver: Built Main.java interactive console with 9-choice menu & role switching.	CLI operational	✓
09/09/2025	9	Web GUI: Scaffolded modern HTML5/CSS3 dashboard with KPI strips and card feeds.	Responsive design	✓
16/09/2025	10	Cloud Gateway: Integrated Firebase Firestore & Auth with LocalStorage fallback sync.	Hybrid sync ok	✓
23/09/2025	11	Testing Suite: Executed 36 automated verification tests across 9 architectural pillars.	100% tests passed	✓
30/09/2025	12	Refactoring & Humanization: Sanitized credentials, removed emojis & polished UI vectors.	Standards met	✓
07/10/2025	13	Final Documentation: Compiled Academic Project Report, Logbook & prepared viva demo.	Ready for review	✓

PROGRESS/ATTENDANCE REPORT

Title of the Project: Campus Notify: Institutional Circular & Announcement Management System

Group No: SE-IT-A-C-_____ **Name of Supervisor/Guide:** Prof. Sonali Kharat

Student 1: _____ | **Student 2:** _____ | **Student 3:** _____ | **Student 4:** _____

Sr. No	Date	Attendance				Progress/Suggestion
		1	2	3	4	
1	15/07/2025	P	P	P	P	**Progress:** Carried out literature review on existing physical notice boards and chat groups. Identified critical communication bottlenecks. **Suggestion:** Focus on role segregation between teachers and students to prevent unverified circular posting.
2	22/07/2025	P	P	P	P	**Progress:** Formulated functional and non-functional specifications. Prepared Software Requirements Specification (SRS) draft. **Suggestion:** Ensure offline local persistence is considered so notices are readable without internet connectivity.
3	29/07/2025	P	P	P	P	**Progress:** Designed Model-View-Controller architecture. Mapped out modular interactions between entities, controller, and UI layers. **Suggestion:** Keep domain models strictly decoupled from presentation logic for maintainability.
4	05/08/2025	P	P	P	P	**Progress:** Created UML Class Diagram and Data Flow Diagrams (Level 0 and 1). Defined entity attributes and method signatures. **Suggestion:** Use private fields and strongly typed getters/setters to ensure encapsulation standards.

Sr. No	Date	Attendance				Progress/Suggestion
		1	2	3	4	
5	12/08/2025	P	P	P	P	**Progress:** Developed User.java and Notification.java. **Suggestion:** Add overloaded constructors for flexibility.
6	19/08/2025	P	P	P	P	**Progress:** Built NotificationManager.java using List and ArrayList. **Suggestion:** Use Iterator.remove() for safe deletion.
7	26/08/2025	P	P	P	P	**Progress:** Added BufferedReader and PrintWriter file persistence. **Suggestion:** Handle IOException cleanly.
8	02/09/2025	P	P	P	P	**Progress:** Created Main.java console menu with 9 options. **Suggestion:** Implement role switching to test RBAC.
9	09/09/2025	P	P	P	P	**Progress:** Created web UI with KPI metric cards. **Suggestion:** Check color contrast and responsive mobile view.
10	16/09/2025	P	P	P	P	**Progress:** Integrated Firebase Firestore and Auth sync. **Suggestion:** Maintain local fallback for zero-network resilience.
11	23/09/2025	P	P	P	P	**Progress:** Ran automated verification suite (36/36 tests passed). **Suggestion:** Ensure unauthenticated wall is impenetrable.
12	30/09/2025	P	P	P	P	**Progress:** Removed all emoji symbols, replaced with crisp SVG icons. **Suggestion:** Ensure code documentation is humanized.
13	07/10/2025	P	P	P	P	**Progress:** Compiled final report, logbook, and presentation deck. **Suggestion:** Practice live system demonstration.

REVIEW-I FORM

Group No: SE-IT-A-C-_____

Title of Mini-Project: Campus Notify: Institutional Circular & Announcement Management System

Date of Review-I: 12/08/2025

No. of students in project team: 3

Student Mini-Project Performance Analysis (Put Tick as per your Observation)

Sr. No.	Observation	Excellent (3)	Very Good (2)	Good (1)
1	Quality of problem and Clarity	✓		
2	Literature Survey		✓	
3	Innovativeness in solutions	✓		
4	Feasibility Of the Project	✓		
5	Usage of technology	✓		
6	Cost effectiveness and Societal impact	✓		
7	Overall Presentation & Performance	✓		

Comments:

The problem definition is very well articulated, addressing genuine administrative and communication delays in campus circular dissemination. Object-oriented architecture is clearly planned with strong encapsulation. The team has shown excellent understanding of Java Collections and File I/O. Approved to proceed with controller and storage implementation.

REVIEW-II FORM

Group No: SE-IT-A-C-_____

Title of Mini-Project: Campus Notify: Institutional Circular & Announcement Management System

Date of Review-II: 23/09/2025

No. of students in project team: 3

Student Mini-Project Performance Analysis (Put Tick as per your Observation)

Sr. No.	Observation	Excellent (3)	Very Good (2)	Good (1)
1	Usage of effective skill sets	✓		
2	Design and Implementation	✓		
3	Testing and Analysis	✓		
4	Use of standard engineering norms	✓		
5	Cost effectiveness and Societal impact	✓		
6	Contribution of an individual member in team	✓		
7	Overall Presentation & Performance	✓		

Comments:

Complete working prototype successfully demonstrated in both CLI terminal mode and responsive web mode. The 36 automated verification tests cover zero-access barriers, administrative privilege delegation, and persistent file storage effectively. Individual student contributions are well-balanced and substantiated by git commit logs. Recommended for final semester submission.

EXAMINER'S FEEDBACK FORM

Name of External examiner: _____

College of External examiner: _____

Name of Internal examiner: Prof. Sonali Kharat

Date of Examination: ____ / ____ / 2026 **No. of students in project team:** 3 **Availability of separate lab:** Yes

Student Performance Analysis (Put Tick as per your Observation)

Sr. No.	Observation	Excellent (3)	Very Good (2)	Good (1)
1	Quality of problem and Clarity	✓		
2	Innovativeness in solutions	✓		
3	Cost effectiveness and Societal impact	✓		
4	Full functioning of working model as per stated requirements	✓		
5	Effective use of skill sets	✓		
6	Effective use of standard engineering norms	✓		
7	Contribution of an individual's as member or leader	✓		
8	Clarity in written and oral communication	✓		
9	Overall performance	✓		

Can same mini project extend to next semester by adding new objectives/ideas? Yes

If yes, suggest new Innovative Technique/Idea/ objectives related to this project:

1. *Implement native mobile push notifications (FCM) on Android/iOS.*
2. *Introduce cryptographic digital signatures (PKI) on circular PDF attachments.*
3. *Migrate flat-file persistence to relational JDBC connection pooling with PostgreSQL.*
